

Don't forget to read your Accelerated Reader Books, practice your Weekly spelling words in time for your test and learn your times tables.

Do you know the different types of rock? Can you find out? Make a list and draw pictures of these types with their individual names.

Do you know what the difference is between solids, liquids and gases? Can you find out? Draw and complete a Venn diagram with items that would fit into the correct parts.

Knowledge Tasks:

Design a picture book for Year 3 children with the title 'The Ring of Fire'. Lots of different foods originated in our host country (Italy). Can you create a recipe book that has Italian inspired food in it? You must have lots of new vocabulary about the 'Active Planet'. Why not design and make a word-search, crossword or quiz that we could use in class.

Year 4 Home Learning is due to be completed and returned in your Purple Book by Monday 27th March 2017. Please remember that you should try to complete at least three pieces of Home Learning from the passport.

Skills Tasks:

Design a map of different ways that people could get from one place in the world to another if airplanes were grounded due to a volcano erupting. E.g. from London to Sydney.

Home Learning at Woodberry Down

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed in your purple book and returned for marking by Wednesday of the following week.
