

Don't forget to read your Accelerated Reader Books, practice your Weekly spelling words in time for your test and learn your times tables.

- Research the different theories and ideas about how the earth was made. Find out about the Big Bang!

as well, if you can.

- Make your own weather diary at home and keep a daily log of the weather. Watch the forecast and record the temperatures

any other biome you can think of.

- Choose a habitat and make a model showing some of the different plants and animals that can be found there. You could choose a rainforest, coral reef, desert or

IPC

- Do some research about an environmental issue and write a newspaper article about it. You could choose flooding, ice-caps melting or endangered animals.

- Read some recent articles about the varying views on climate change. Then form your own opinion.

- Select an animal you are interested in and write a non-chronological report about them. Include as many details as you can such as habitat, diet, appearance and habits.

English

Year 6 Home Learning is due to be completed and returned in your Purple Book by Monday 6th February 2017. Please remember that you should try to complete at least three pieces of Home Learning from the passport.

Home Learning at Woodberry Down

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed in your purple book and returned for marking by Wednesday of the following week.
