

Spring Term 1 2018

Year 3

# HOME LEARNING MAKER MAT

As a geographer,  
locate different  
species of plants  
and animals  
around the world.

As a historian,  
choose a species  
and research how  
it has changed and  
adapted over time.

As a scientist,  
carry out an  
investigation to  
find out the  
conditions which  
plants need to

As a designer,  
construct a shelter  
which will protect  
an animal from the  
weather.

As an artist, create  
a model of a new  
species of plant or  
animal .

As a global  
learner, make a  
poster to campaign  
for the protection  
of endangered  
species.

As a writer,  
write about a  
sighting of a new  
species of animal  
in London.
