

## Computing

As digital learners, we will be using a range of apps on the iPads to support us in our IPC topic. One of the apps we will be using, Google Expedition, is to explore different habitats in varying parts of the world.

We will be continuing using various apps and formats, such as Google Classroom, to enhance and support our learning across the curriculum.

## Physical Education

As athletes, we will be learning the fundamentals of Basketball; dribbling, passing, shooting and game strategies.

We will also develop our eye-hand coordination, team work, and endurance are skills that are vitally important for developing a healthy outlook, mind and body.

## Woodberry Down Primary School

## Curriculum Information Spring 1

## Year 6

## Our IPC Topic title is: Express Yourself

## Religious Education

As religious learners, we will be learning about Islam. We will be focusing on:

- Important dates and festivals in the Muslim calendar.
- The importance of the Mosque.
- The history of Islam.
- How Islamic belief link to other world faiths.

## Please Remember

PE

6W—Monday and Friday

6B—Tuesday and Friday

As the weather gets colder please ensure children have appropriate PE kit.

Homework

Children receive Maths and Spelling homework every Friday to be returned the following Wednesday.

## IPC Topic

Our IPC unit this half term is called 'Express Yourself'. During this unit we will be learning about the importance of understanding and expressing our feelings and emotions.

In society lessons, we will explore how the way we feel has an impact on other people.

In technology lessons, we will investigate how advertising is affecting the way we feel about certain products. In international lessons, we will learn how feelings are expressed around the world and how extreme negative feelings can lead to a war.

## Reading

*As readers, we will be focusing = on making inferences from texts. This is 'reading between the lines' - what clues can we find about how characters are feeling, why things are happening and what predictions we can make.*

*In class, we will be spending lots of time reading independently to build up our reading stamina and filling in our reading journals. Journals and books must be brought to school everyday.*

## Mathematics

As mathematicians, we will be getting ready for our SATs exams, which draw ever nearer. We will be spending lots of time this term going over various topics that we have studied already.

We will also be looking at exam techniques and how to ensure that we all know how to achieve our potential during the tests. This half-term we will be focussing mostly on fractions work as well as looking at time, space and measure.

Booster groups are starting on Mondays after school and it is imperative that we attend if we are asked to.

## Writing

As writers, we will be doing lots of writing activities in their classes. There is no writing exam but children's writing will be assessed by their teachers.

We will be revising a range of non-fiction text types as well as writing some of our own narrative pieces.

As part of our SFA lessons, we will produce fiction, non-fiction and poetry pieces of writing. These will be based on the books that we read in our SFA groups. Also we will be undertaking a 'Free Write' once per week based on a stimulus. This will help us to develop our independent writing skills.

### REMEMBER OUR IPC

### PERSONAL LEARNING GOALS

Adaptability

cooperation

RESILIENCE

enquiry

morality

communication

respect

thoughtfulness

### How can you help me at home?

*Help me practise my times tables at speed. By the end of the term children should be confident with all their times tables up to 10.*

*Help me practise my spellings. Spelling tests will happen every Thursday and a new set of words to learn will be given to your child to take home for the following week.*
