Tuesday 12th September 2017

Dear Parents/Carers

Maths with Parents launch sessions

We are very excited to launch **Maths with Parents** at Woodberry Down Primary School. **Maths with Parents** is an online platform used to enable parents/carers and children to have fun exploring maths together. Once you have registered your child, you can find on the website a number of exciting activities, including games, stories, puzzles and many more. All the resources have been designed with support from Mathematics Mastery and are in line with our school's teaching and learning principles.

Maths with Parents will be provided only to **Year 1** and **Year 2** children. To support you with registering your child and using the website we are holding **Maths with Parents launch sessions** for **Year 1 and Year 2** parents/carers. To register your child you will need an email address. Therefore, it is important to have this information handy. All sessions will last **approximately 30 minutes**. You can attend any of the following sessions at Woodberry Down:

Year 1 Parents/Carers:

Tuesday 19th September 2017: at 9:00, 15:45 or 17:45

Year 2 Parents/Carers:

Wednesday 20th September 2017: at 9:00, 15:45 or 17:45

We look forward to seeing you at the day of the sessions and support you with using **Maths with Parents** effectively.

Thomas Moudiotis
Assistant Headteacher
Woodberry Down Primary School
