

Computing

We will be developing our knowledge, skills and understanding of computing through the rigorous use of apps to aid our learning.

We will be able to use a range of apps such as Explain Everything, Book creator and Popplet to bring our learning tasks to life.

Physical Education

Let's get physical!

We will be developing our skills of outdoor and adventurous games and activities.

We will go on a journey around the school using our map-reading skills. We will work together in small teams practising our cooperative learning. Let's hope we don't get lost!

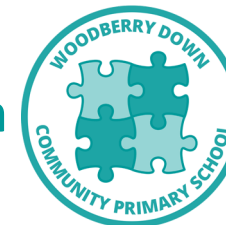

We will be solving challenges and problem-solving activities and testing our skills in listening and following instructions.

We will be able to discuss our P.E learning using correct vocabulary as well as evaluating our performance and suggesting improvements.

Woodberry Down Primary School

Curriculum Information Autumn 1

Religious Education & PSHE

We will be developing our knowledge, skills and understanding of two world religions; Hinduism and Sikhism.

We will know about the significance of religious symbols in Hinduism and Sikhism and learn the key practices and history within Diwali. We will also be able to design and create our own Rangoli patterns.

We will know stories about Rama and Sita and be able to join in with discussions about these characters.

The PSHE unit this term will be 'Being me in my world' in which we will be further exploring our school standards and what they mean to us as individuals.

Please Remember

PE:

Year Three have P.E with the Fit for Sport coaches on a Tuesday and a Friday with the class teacher. Please ensure children wear their PE kit to school on this day.

Book bags:

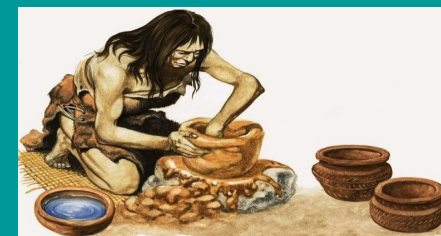

Year Three must bring their book bags to school every day, with their completed reading journals and reading books

Home learning:

Year Three will receive Mathematics home learning tasks and times tables to learn every Friday and have until Wednesday to return them. Children will be tested on spellings and times tables the following week.

Year 3

Scavengers and Settlers

IPC Topic

We will begin our learning journey with 'Brainwaves', a unit which explores how we learn.

We then go caveman crazy! Our IPC unit is Scavengers and Settlers.

We will be developing our knowledge, skills and understanding of:

- Our early ancestors
- What life was like in the Stone, Bronze and Iron Ages
- What a settlement looks like in Skara Brae
- Why people chose to settle near a water supply
- Designing and making our own working farms
- Designing and making a meal fit for a caveman
- What makes a good community

Reading

Drop everything and read!

We will design and make a book journal that we can share with you at home. Each week we will have a focus question about our favourite book. Don't forget to help us complete our journals as we could earn a raffle ticket and be entered into a prize draw at the end of this half term!

We will participate in daily SFA or RWI lessons, learning new reading and comprehension skills as well as developing our co-operative learning.

As well as a free-choice reader, we will be sent home with an Accelerated Reader book each week which we will be tested on in class.

Mathematics

What a lot of Maths learning we have to cover in Year Three this half term! We will develop our knowledge, skills and understanding of place value, addition, subtraction, data handling and measures.

We will know the value of each digit within numbers up to 100 and be able to sequence numbers in order of value. We will know how to add and subtract and practise our skills of using concrete, pictorial and abstract approaches when solving addition and subtraction real-life problems.

During data handling, we will be posing mathematical questions, collecting data and interpreting our results using bar charts, pictograms and tables.

We will be practising our skills of measuring different lengths using standard units of measure and applying this when solving perimeter problems.

Writing

We will be developing our writing through recounts, explanations and non-chronological reports. We will be able to create leaflets, informative texts and eBooks.

During our writing weeks we will be enjoying 'The journey by Aaron Becker' which focuses on visual literacy. We will apply our own experiences of different journeys we have been on which will lead to us creating non fiction writing.

We will also have a weekly SPAG (Spelling, Punctuation and Grammar) lessons which focus on sentence structure, spelling strategies and types of punctuation.

PERSONAL LEARNING GOALS

Adaptability

cooperation

RESILIENCE

morality

enquiry

communication

respect

thoughtfulness

How can you help me at home?

Help me practise my times tables at speed. By the end of the term children should be confident with all their times tables up to 10.

Help me practise my spellings. Spelling tests will happen every Thursday and a new set of words to learn will be given to your child to take home for the following week.
