## **Year 1 Information Sessions**

Dear Year 1 Families,

The second half of the Spring term has started so well for Year 1. Please see below for details about two important upcoming parent information sessions.

### **Science Parent Lab: Come Learn with Me**

The Year 1 children have been learning all about different types of animals and we would like to invite you in to see our science learning in action! Come and join us on **Tuesday 24<sup>th</sup> March at 9.00am** for a short curriculum presentation and the chance to spend time in a science lesson with your child.

### **Year 1 Phonics Screening Check Information Session**

In June, the Year 1 children will complete the Phonics Screening Check. This is a national assessment that checks children's ability to decode words using the sounds they know. Please come and join your child for a phonics session on **Tuesday 31<sup>st</sup> March at 9.00am**. This will be followed by a **20 minute workshop** to enable you to support your child with phonics and reading at home.

We look forward to seeing as many of you as possible at both events.

Yours sincerely,

Matt Trahair  
Assistant Headteacher
